

Clinical Nurse – CVICU

Position Details

Department: PCH-MAIN | CA 5

Location: Phoenix, AZ

Shift: Mon–Fri, Sat, Sun (Days Vary), Shifts Vary, 7:00 PM – 8:30 AM

Category: Nursing

Posting #: 826414

Employee Type: Varies

Position Summary

The Cardiovascular Intensive Care Unit (CVICU) is a 48-bed critical care unit providing compassionate, high-quality care for children of all ages with congenital or acquired heart diseases. Patients are cared for from admission through discharge, including post-cardiac surgery, transplant care, and complex cardiovascular conditions. This role requires strong clinical judgment, teamwork, and the ability to work in a fast-paced environment. At least one year of ICU RN experience is required. Only night shift positions are currently available. New graduate RNs will not be considered.

Position Duties

Conducts comprehensive nursing assessments; evaluates patient responses to treatment; documents care and progress; ensures compliance with medication, storage, and documentation standards; provides patient and family orientation; supervises and delegates care activities; collaborates with multidisciplinary teams; participates in rounds and conferences; supports education and mentorship of staff and students; and performs related duties as assigned.

Licensure & Certification Requirements

- Arizona RN License or Compact State RN License
- Basic Life Support (BLS)
- Pediatric Advanced Life Support (PALS)

Phoenix Children's Mission, Vision & Values

Mission: To advance hope, healing, and the best healthcare for children and their families.

Vision: To be the leading pediatric health system in the Southwest, nationally recognized for exceptional care, innovative research, and advanced medical education.

Values: Patient- and family-centered care, exceptional quality, collaboration, innovation, and accountability.
