## WORK EXPERIENCE

ER Nurse

Baystate Medical Center

📅 February 2016 - current 📍 Springfield, MA

- Delivered emergency procedures, including life support, airway management, and wound care to about 20 patients a day
- Contributed to the early detection and treatment of cardiovascular diseases by regularly monitoring heart activity via GE Healthcare ECG machines
- Completed 600+ patient assessments each month, utilizing clinical knowledge and VisualDx for accurate diagnosis
- ***Executed 430+ life-saving interventions*** contributing to a decrease in cardiac-related fatalities in the ER department

Licensed Practical Nurse

Maxim Healthcare Services

📅 October 2012 - January 2016 📍 Boston, MA

- Provided comprehensive nursing care to an average of 15 patients each day in a busy home healthcare setting
- Coordinated with a team of healthcare professionals to develop individualized care plans, improving patient outcomes by 25%
- ***Boosted team efficiency by 15%*** by training 10 LPNs in Maxim Healthcare Services' protocols and procedures
- Managed patient medical records using Meditech, ensuring accuracy and HIPAA compliance

Nursing Assistant

University of Washington Medical Center

📅 June 2009 - September 2012 📍 Seattle, WA

- Assisted nurses in the collection of lab samples from 20+ patients daily, reducing turnaround times for lab results
- ***Aided post-surgical care for an average of 15 patients daily***, reducing complications and promoting quicker recovery
- Ensured comfort and a smooth transition by helping with the admission, transfer, and discharge of 2700+ patients
- Conducted regular patient rounds that led to quicker identification of patient needs and better response times

## LICENSES

- National Council Licensure Examination for Registered Nurses (NCLEX-RN)
